

Insite Environmental, LLC

"An ounce of prevention is worth a pound of cure"

-Benjamin Franklin

ProActive IAQSM

ProActive IAQSM is a progressive Indoor Air Quality monitoring program developed by Insite Environmental, LLC for single and multi-family residential property owners. This comprehensive programs' goal is to protect properties and to prevent Indoor Air Quality issues such as ***Mold, Dust Allergens, Bacteria, Radon*** and ***Carbon Monoxide*** from becoming a major problem.

The Environmental Protection Agency ranks indoor air pollution among the top five environmental risks to public health.

Protect Your Investment!

With ProActive IAQSM you'll receive:

- *Flat rates for Certified Inspection and Assessments from Insite Environmental. Only \$399.00 annually on properties up to 5,000 square feet. Only \$599.00 annually on properties over 5,000 square feet.*
- *Bi-Annual Inspections as a ProActive approach to identify possible small problems before they become large problems. This gives you the peace of mind of a consistent healthy indoor living environment.*
- *Priority V.I.P. Service - Guaranteed emergency response should a problem arise such as a broken pipe, leaking water heater, sewage back up or other water intrusions that could result in mold or bacteria growth. Insurance claims accepted.*
- *Discounted Testing Services for Air, Surface and Bulk Sampling should testing become necessary.*
- *Bi-Annual Aerosol Treatment with E.P.A approved Microban® Disinfectant Spray.*
